

ISO 9712 / ASNT LEVEL I & LEVEL II TRAINING

Who Should Attend?

Personnel who responsible for quality control and take part in the decision making related to Non Destructive Examination in the industries of civil steel structural, building steel structure works, petrochemical and power stations, railways service and maintenance, oil and gas, ship building, marine engine part repair, and metal fabrication. They may include:

- Welding Engineers
- Maintenance Surveyor
- Building Surveyor
- Engineering & Maintenance Managers

Candidates who pass the examination can obtain an internationally recognized ISO 9712 Certificate. This Certificate renders candidate a professional qualification of Non Destructive Examination Specialist in many industries. It is also mandatory for inspection personnel to obtain this qualification in HOKLAS laboratory for NDE inspection.
